## announce the 5th edition of COSTRUIRE L'INNOVAZIONE "Mauro Maccolini" award

### 1 THE COMPETITION

The magazine Costruire hereby announces the fourth edition of the competition held to commemorate professor Mauro Maccolini, entitled "Premio Costruire l'innovazione".

Participation in the competition is subject to the terms and conditions stated below.

The prize consists of a plaque, to be presented to the winners during Saie 2004, and the publication of the winning design solutions in the magazine Costruire. The winners will be the 3 finalists chosen by the Jury on the basis of the project designs submitted to the competition.

### 2 ENTRIES

Entries shall be in the form of a project design for a building component or an item of building site equipment which:

- has significantly innovative aspects from a technical, constructive or functional point of view or in terms of performance and/or use;
- has been sufficiently well developed and defined in order for it to be adequately assessed for the manufacture (or production) of the object itself, as well as for its characteristics and functions.

For the purposes of the prize:

- the term building component shall mean any manufactured article with specific geometric characteristics, pre-fabricated ex-works and intended to be permanently incorporated in the building;
- the term building site equipment shall mean a physical device intended for use - as a building tool or means - during construction of the building.

### 3 PARTICIPANTS

Admission is open to:

- students attending the last 3 years of architecture or engineering faculties;
- graduates from the above-mentioned faculties and courses who completed their degrees in academic years 2001/02, 2002/03 or 2003/04.

Participants shall be admitted individually or in groups. In the case of groups, each member must possess the aforementioned requirements.

### 4 ADMISSION

Admission to the competition is subject to the supporting documents listed below reaching the Competition Secretariat no later than the 15 June 2004:

- copy of the design proposals described in Article 5 below;
- university registration certificate, or degree certificate (on unstamped paper);
- competition application form.

### 5 DESIGN PROPOSALS

In order to take part in the competition, participants must send the following items:

- at least two and not more than three design layouts in A3 format (cm 42 x 29,7), in black & white or in colour, showing the object, including illustrations detailing its features, functions and innovative aspects, and at least one schematic drawing showing an example of how the item can be used;
- not more than 3 pictures (slides, digital jpg images, negatives + photographic prints maximum 18 x 24) of the object or of a model or maquette, or of an application, which may also be simulated;
- an explanation, consisting of not more than 3,600 characters, printed on A4 format paper and also supplied on a floppy disk (3.5" diskette).

### 6 EXCLUSION CAUSES

Any design proposals that fail to reach the Secretariat by the stated deadline, or are not supported by valid documentation certifying the candidate's entry requirements, or any design proposals that fail to comply with the requirements of Article 5 of this announcement shall be excluded from the selection before the project is examined by the adjudicating committee.

### 7 PANEL OF JUDGES

The panel of judges will include:

Prof. Leonardo Fiori, director of Costruire  
Ernesto Antonini, architect, Quasco  
Gianni Boeri, architect, Joint Committee of the Professions  
Dr. Marco Buriani, Ance  
Dr. Umberto Menicali  
Prof. Giorgio Raffellini, faculty of Architecture, Florence  
Prof. Nicola Sinopoli, Luav, Venice  
Emmanuele Villani, architect

The board's decision is final and irrevocable.

The adjudication report and reasons for awarding the prize will be published in the magazine Costruire.
